**Subject:** Walk back your latest dangerous attack on strong science

May 10, 2018

Administrator E. Scott Pruitt

Dear Administrator Pruitt,

Your phony attack on "secret science" is a smoke screen for violating Congress' intent in setting up the Environmental Protection Agency.

At the very least, the comment period should be extended. If this is such a great idea, it should stand up to public scrutiny.

Thank you,

Mr. William Baker
